

## COMET VI Programme

Day 1 – Thursday 10th November 2016

Time	
13.30-14.00	Registration and refreshments
14.00-14.05	Paula Williamson (University of Liverpool) <b>Welcome and opening remarks</b>
14.05-14.20	Rob Scholten (Cochrane Netherlands) <b>Twenty years of struggling with study outcomes: how to proceed (from the perspective of a naive systematic reviewer)?</b>
14.20-14.30	Doug Altman (University of Oxford) <b>How original should original research be? The trajectory of COMET</b>
14.30-15.15	<p><b>Session 1 – People and Patient Participation, Involvement and Engagement</b></p> <p>Maarten de Wit (VU University Medical Centre) <b>Still a long way to go. The challenges of integrating patients' perspectives in core outcome set development</b></p> <p>Rosemary Humphreys and Bridget Young (COMET People and Patient Participation Involvement and Engagement Working Group) <b>Introducing the COMET People Participation Involvement and Engagement (PoPIIE) Working Group</b></p> <p>Richard Morley (Cochrane Consumer Coordinator) <b>Identifying patient important outcomes in systematic reviews – The Cochrane Consumer Network</b></p>
15.15-15.45	Refreshments and poster viewing

15:45-17:00	<p><b>Session 2 – Outcome classification</b></p> <p>Susanna Dodd (University of Liverpool)  <b>Standardised taxonomy for the classification of trial outcomes within core outcome sets and Cochrane Reviews</b></p> <p>Alison Cuff (ISRCTN Registry)  <b>Improving Outcome Measures in the ISRCTN Clinical Trial Registry</b></p> <p>Chris Mavergames (Cochrane Central Executive)  <b>Cochrane PICO: Using linked data technologies to semantically annotate outcomes in Cochrane evidence</b></p> <p>Rhonda Facile (Clinical Data Interchange Standards Consortium)  <b>The CFAST project and Comet Initiative Endpoints</b></p>
17.00-18.00	Drinks reception and poster viewing

**Day 2- Friday 11th November 2016**

Time	
08.45-09.15	Refreshments
9.15-10.30	<p><b>Session 3 – Contributed talks (1)</b></p> <p>Jo Chalmers (University of Nottingham)  <b>The HOME Roadmap; paving the way to core outcomes for patient-reported symptoms in eczema trials</b></p> <p>Siobhan Reilly (Lancaster University)  <b>The first phase of developing a core outcome set for people living with dementia at home: Constructing the long list of outcomes - what can we learn methodologically?</b></p> <p>James Webbe (Imperial College)  <b>Using existing data sources to extract parent and patient outcomes for a neonatal core outcome set</b></p> <p>Steven MacLennan (University of Aberdeen)  <b>How do different feedback strategies influence Delphi survey results? Results of a nested randomised controlled trial</b></p> <p>Cecilia A.C. (Sanna) Prinsen (VU University Medical Center)  <b>How to select outcome measurement instruments for outcomes included in a ‘Core Outcome Set’ – a practical guideline</b></p>
10.30-11.00	Refreshments and poster viewing

11.00-12.30	Parallel workshops
	<p><b>Workshop 1 - Methods for determining ‘what’ to measure in core outcome sets</b> Workshop lead: Paula Williamson (University of Liverpool) and Sara Brookes (University of Bristol)</p> <p><b>Workshop 2 - Including patients in core outcome set development: Identifying the challenges and potential solutions</b> Workshop leads: Bridget Young and Heather Bagley (University of Liverpool)</p> <p><b>Workshop 3 - How to measure? Selecting measurement instruments for core outcome sets</b> Workshop lead: Caroline Terwee (VU University) and Cecilia A.C. (Sanna) Prinsen (VU University Medical Center)</p>
12.30-13.30	Lunch and poster viewing
13.30-15.00	<p><b>Session 4 - Contributed talks (2)</b></p> <p>Martin Offringa (The Hospital for Sick Children) <b>InSPECT: a new reporting guideline for the selection and measurement of outcomes in clinical trials</b></p> <p>Ulrike Kaiser (University Hospital Carl Gustav Carus) <b>Harmonizing COS – The next generation of challenges</b></p> <p>Jamie Kirkham (University of Liverpool) <b>Core Outcome Set-STAndards for Reporting: The COS-STAR Statement</b></p> <p>Natalia Hounsome (Asthma UK Centre for Applied Research, Centre for Primary Care and Public Health, Queen Mary University of London) <b>Development of core outcome sets for economic evaluation of healthcare interventions for people with asthma</b></p> <p>Benedicte Sautenet (Centre for Kidney Research) <b>Establishing Core Outcome Domains in Hemodialysis: Report of the Standardized Outcomes in Nephrology-Hemodialysis (SONG-HD) Consensus Workshop</b></p> <p>Silvia Zaragoza (Neuropsychological Research Organization s.l) <b>Peer-Review process to improve the Quality of Linguistic Validation Process of COAs Instruments for Clinical Trials</b></p>
15.00-15.30	Refreshments and poster viewing
15.30-16.45	<p><b>Session 5 – Implementation</b></p> <p>Katie Gillies (University of Aberdeen) <b>(Trial) Forging Core Outcome Sets in to practice: Insights for implementation</b></p>

	<p>Karen Barnes (University of Liverpool)  <b>Citation analysis: A new approach to assess the uptake of core outcome sets?</b></p> <p>Bronagh Blackwood (Queen's University Belfast)  <b>Engagement methods to maximise participation and subsequent uptake of core outcome sets</b></p> <p>Richard Veselý (European Medicines Agency)  <b>Core outcome sets – regulatory view</b></p> <p>Ian Saldanha (Johns Hopkins Bloomberg School of Public Health)  <b>To promote implementation of core outcome sets, incorporate the perspectives of both clinical trialists and systematic reviewers</b></p>
<p><b>16.45-17.00</b>      <b>Meeting close</b></p> <p>Jane Blazeby (University of Bristol)  <b>Closing remarks</b></p>
